Summary of my findings

After going through the list of careers outlined in this booklet I find the following careers to be of great interest to me. These are:

1.
2.

I should like to find out more about these careers so that I make one my Career Goal for my life.

WHAT NEXT?

Hopefully you have been able to identify one or two careers which are appealing to you and you would wish to pursue one of them and make it a career goal. Having a career goal is one of the most important decisions you can make in life. You need to know more about the career you have chosen and especially what the occupational values and physical work conditions are like. You need also to know whether you have the character traits that would suit the overall demands of the work. Your counselor will help you to find these things out for yourself as you take a final decision to get a career goal for life. Please make an appointment to meet with him or her.

When you have finally made a career goal, our next Booklet (Series 3) will guide you about the courses you must have to pursue to be trained and equipped with the knowledge and skills you need to be a star in that career or profession. The final Booklet in the Series is number four (4) which will give you information about where the courses can be pursued.

Our prayer is that God will be your guide as you move to the next stage of the counseling.
