A lot of work has been done in the area of career guidance and counselling. This effort to help the youth of Ghana especially in the area of career guidance is based on foundational research work which has been done elsewhere in the world. The authors of this work have developed this booklet based on the works of Don and Katie, and Farr and Shatkin (New guide for Occupational Exploration)

We are grateful to all who generously helped during the field-testing of this material to ensure that it is fit and appropriate for all users.

What Next?

Hopefully you have been able to identify one or two careers which are appealing to you and you would wish to pursue one of them and make it a career goal. Having a career goal is one of the most important decisions you can make in life. You need to know more about the career you have chosen and especially what the occupational values and physical work conditions are like. You need also to know whether you have the character traits that would suit the overall demands of the work. Your counsellor will help you to find these things out for yourself as you take a final decision to get a career goal for life. Please make an appointment to meet with him or her.

When you have finally made a career goal, our next series of publications on careers will guide you about the courses you must pursue to be trained and equipped with the knowledge and skills you need to become a star in that career or profession.

Our prayer is that God will be your guide as you move to the next stage of the counselling.

Welcome Note to Users

Having discovered your major gifting, the next step in the Career Guidance exercise is that you are guided to discover the careers that are associated with your gift. With the help of your counsellor you are to prayerfully select a career which you can make your goal. This particular booklet is designed for those whose primary gift is Exhortation.

The suggested careers for this have been listed under 16 categories below. Some of the categories may be of special interest to you. Beside most of the careers listed you will find the indications to show the degree or certainty of recommendation—HP (Highly Possible), VP (Very Possible) and P (Possible).

We have tried to explain your gifting and the categories under which various careers have been listed.

It is hoped that by the time you finish going through this booklet you will be ready to make your career goal that will lead you to the next stage: discovering the programs or areas of study that you must pursue to achieve your career goal.
