

WELCOME NOTE TO TEST-TAKERS

You are about to embark on an exciting adventure that may bring a positive change or strengthen your efforts to have joy in what you do in life. The guidance services rendered by Pathfinders is based on the belief that God has made each person on earth unique and has given each person a gift or gifts with which to operate on earth. Your life would be a tragic waste if you fail to discover and use this gift as God planned it for you.

Do you know your purpose or mission on earth? No matter your tribe or background, you are a Very Important Person (VIP) on earth. Your gift is so badly needed by all of us that you must discover it, develop it and excel in its operation. That is why you are on this planet earth; that God will be glorified by your life's achievements.

THE PERSONALITY DISCOVERY SCORE SHEET

The Discovery exercise you are about to do is the first step of the guidance series. It forms part of our Academic guidance exercise to help you to find out the gift or potential God has placed in you.

As honestly, and sincerely as possible, answer the seven sets of questions that follow. At the end, the scores you obtain in each set will help us to guide you to careers which have been tested to be suitable for your gift(s).

Read the following questions carefully and answer them as sincerely as possible. In each box, please tick ✓ by the adverb of time (Never, Occasionally, Sometimes, Usually, Always) which is appropriate to the way you are, but NOT the way you would like to be.
